

ADVENTURE ISLAND PICNIC 1st OCT 2015

The fun filled excursion trip to the world class Entertainment destination ADVENTURE ISLAND ROHINI, started with full enthusiasm and frolic from the premises of Banarsidas Chandiwala Institute of Physiotherapy on the 1st of October 2015. BPT I year students, along with BCIP faculty Dr Richa Rai and Dr Charu Chopra, accompanied the trip to the entertainment hub , which has a unique mix of retail, food and entertainment. They enjoyed unlimited rides, had a lip smacking lunch, danced to the music of the DJ and on the way back had a relaxing evening snack. Overall it was a package of entertainment & group activity enhancing the ability of students to plan and manage time, refine understanding amongst each other through discussion and enhance their communication skills.
