

## INTERNATIONAL WORKSHOP ON 'CLINICAL ORTHOPAEDIC BIOMECHANIC'

An international workshop on "Clinical Orthopaedic Biomechanics" was organized by Indian Spinal Injuries Centre, Vasant Kunj on 18<sup>th</sup> March'2017, attended by Dr. Savita Tamaria, Dr. Charu Chopra and MPT (MS) students.

The workshop- Trauma session was inaugurated by Dr. R K Arya, chairperson which was followed by restoration of normal biomechanics of unstable elbow by Dr. Pushkar Chawla. The next session was dealt by Dr. Deepak Joshi, Neuroprosthesis after trauma. Further ACL Tear, shoulder impingement, Rotator cuff tear were discussed Dr. Vijay Goel and Dr. Harpreet Singh. Dr. Pradeep Gupta Enlightened the audience about the meniscus injuries. Dr. Chitra Kataria gave a lecture on Knee arthroplasty. Dr. Meena Makhija familiarized us with the PF Joint biomechanics followed by panel discussions.

Overall it was a very informative workshop and our students learnt a lot.
