

CONFERENCE ON ROTATOR CUFF INJURIES

18th Oct 2016

Organizing Team: Dr Sumit Kalra, Dr Savita Tamaria, Dr Nidhi Kalra

A conference on “ROTATOR CUFF INJURIES” was organized in the Institute as a value added program for all the students for their knowledge up gradation. The eminent speakers for the conference, Dr Dhananjay Gupta (Senior Consultant Bone & Joint Fortis Flt Rajan Dhall Hospital) Dr Vikas Gupta (Senior Consultant - Shoulder and Hand Surgeon Max Super Speciality Hospital, Saket), Dr Vishwadeep Sharma(Consultant Dept. of Orthopaedics Fortis Hospital, Vasant Kunj), they enlightened us all with various causes and pathogenesis of rotator cuff and the advances in surgical care. They described updates on various diagnostic tools available for diagnosis of rotator cuff injuries. Dr Nishant Gemini (Head of Department, Physiotherapy, and Primus Superspeciality Hospital) emphasized on various special test used to diagnose the rotator cuff injuries. He also took a practical demonstration of each special test & Dr Seema Grover (HOD Physiotherapy Department Apollo Hospital New Delhi) explains the various physiotherapy approaches available for the treatment of rotator cuff injuries for both conservative & surgical management.

The very informative lectures were followed by question answer round between the speakers & students in which Students very enthusiastically participated and gained a lot.

This illuminating conference ended leaving behind a light of awareness....
