

**Conference on “*Electro and Radio Diagnostic Tools in Neurological Conditions*” on 23rd
December’2015**

A conference was held on “*Electro and Radio Diagnostic Tools in Neurological Conditions*” on 23rd December’2015, Wednesday at Auditorium, Chandiwala Estate. The intent of this conference was to make our Bachelors and Masters Program students aware of the various electro and radio diagnostic tools which can be used in neurological conditions for in establishing a good diagnosis. Eminent speakers from Janakpuri Superspeciality Hospital, Director (Prof) Dr. M.M. Mehndiratta threw light over the EMG & NCV aspects of electro diagnostic procedures. Dr. Anoop Singh Arora, Sr. Consultant (Radiology Deptt) from Apollo Hospita imparted knowledge about MRI, CT scans, X rays. Another Consultant, Dr. Charu Gauba (Neuro Deptt) presented the lecture on EEG. Dr. Jayaprakash (Chief Physiotherapist, Medanta Hospital) and Dr. Prabhat Ranjan (Neuro Physiotherapist, AIIMS) delivered the lecture on how these tools play an important role in Neurorehabilitation. The conference was organized by Dr. Charu Chopra, Dr. Daksha Davey Mehta and Dr. Davinder k Gaur. All the lectures were very well received by students. The closing bell of the conference happened with an interactive session amongst the delegates and the speakers. The Students were overwhelmed with the knowledge they had gained after being part of this conference.
