

# *Workshop on 'Interpretation on Radiology and imaging studies'*

*on 8th Oct 2017*

Radiology is a branch in which doctors specialize in diagnosing and treating disease and injuries using medical imaging techniques. Some of these techniques are x ray, CT Scan, MRI etc. And many of them are so perplex that one needs to keep on abreasting their knowledge on the same.

In this context a workshop was organised on 'Interpretation on Radiology and imaging studies' by the director Dr Gupta (pediatrician) of Yuvaan Wellness Clinic Dwarka and Dr Richa and Dr Savita along with 14 BCIP students of BPT IV year and MPT participated in the event on 8th Oct 2017.

Speakers Dr Satbir Singh Ahuja MD Radiology, Director professor (Dept of radiology) GB pant hospital and Dr AMR Suresh senior physiotherapist PDUNIPPD, New Delhi illuminated and abreasted us with the knowledge.

There were a total of 50 participants both students and faculty from different other physiotherapy institutes of Delhi like Galgotias, Jamia Hamdard etc.
