Research committee and Ethical committee meetings are held in the Institute as per Agenda. Presently 5 research dissertations are being guided by the Faculty of the Institute. The research areas covered range from conventional physiotherapy to ultramodern techniques available in physiotherapy practice.

All Research dissertations conducted at the Institute were approved by Ethical Committee meetings (ECM) held on 4/08/17 and Research committee meeting (RCM) held at the Institute on 10/8/17 to evaluate the synopsis of the Post Graduate Students.
