

Vol.06|Issue03|July-September2014

Editorial

Dear Readers,

I am highly privileged to present this issue of our quarterly journal "The Physiotherapy Post". As you are aware that our journal is peer reviewed & is dedicated to publishing scholarly essays, review & research notes on all issues relevant to Physiotherapy, may I urge you to disseminate content of this publication to all of its potential beneficiaries. The editorial board's mission is to publish significant researches which has important implications for physiotherapy.

I seek suggestions/comments regarding content, presentation & design of this publication for its future evolution. Also I welcome contributions in the future issues of this journal in form of article/abstracts/reviews & advertisement setc.

With my sincere gratitude to editorial board & advisory panel, I am pleased to forward this issue of "The Physiotherapy Post" for your pleasure reading.

Sanjeev Gupta
Editor-in-Chief
